### While reviewing this information, please bear in mind:

- This entering student cohort is comprised of only first-time, full-time, degree-seeking undergraduate students as outlined in federal reporting guidelines. This represents just a portion of our student body.
- The graduation/completion rate is based on six years of attendance as this equates to 150% of the length of our standard program.
- We have elected not to report our transfer-out rate because Aquinas College's mission does not include providing substantial preparation for students to enroll in other institutions.
- The graduation/completion rate does not include students who left Aquinas to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled may also be excluded.
