WRITTEN CONFIRMATION OF FUTURE ATTENDANCE

Student Name (print): _____ Student ID: _____

Our records indicate that you withdrew from a block but you are still registered for later blocks in this term. The amount of federal financial aid that you may receive is based on your number of registered credit hours and on your continued attendance in those courses. In accordance with Return of Title IV Funds (R2T4) federal regulations, you **must** confirm that you plan to attend your upcoming block(s) in order to keep your federal financial aid for this semester. You must return the completed form before your next block starts or we will calculate an R2T4 for your aid because you will be considered fully withdrawn.

By completing this form, you are confirming that you understand your financial aid could be impacted due to dropping a block, being dropped for non-attendance, withdrawing from or failing a block this semester.

Complete the section below to confirm your academic plans for _____ (fall or spring).

I understand I am responsible for formally dropping any block(s) I don't plan to attend and for repaying any unearned financial aid that has been disbursed into my student account.

By signing below, I understand that a future withdrawal, drop for non-attendance or failing grade in the above listed block(s) may result in my financial aid being adjusted. This adjustment could result in a balance due to Aquinas College.
